The following letter from the State Department of Forestry was read and considered-

STATE DEPARTMENT OF FORESTRY

March 17, 1934.

The Board of Public Works,  
Annapolis, Maryland.

Gentlemen:-

I hereby request approval for the purchase of 33 acres of land adjoining the Green Ridge State Forest in Allegany County, for the sum of \$80. This tract lies at the northwest corner of the forest, adjoining the county road, and would give us access to the county road at that point. There is a building on the property that would be useful in forest administration, and the land is nearly all forested at the present time, a portion of it with merchantable timber. A small portion is cleared, but has been found unsuited for farm use.

This small tract is very desirable in bringing our forest boundary out to the County road at this point.

Very truly yours,

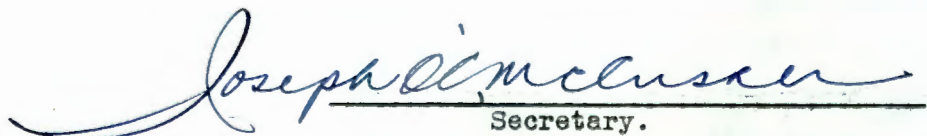

/s/ F. W. Besley.  
State Forester.

FWB/w

After due consideration the Board authorized the State Forester to purchase the land described in the foregoing letter.

There being no further business the meeting adjourned.

  
Secretary.
